October 20, 2006

To Whom It May Concern,

I would like to take this opportunity to say "Thank You" to CJAD and Mix 96 for the exceptional support for our Open House.

The advertising helped to make our Open House a great success. Over 1300 people attended the event and they made mention in our exit questionnaire that they had heard it on the CJAD and Mix96.

Also, at this time, I would like to express my deepest gratitude to Shawn Ryan for this professional approach in handling our account. He is always available and serves his customers in an outstanding manner.

On behalf, of all of us here at QAA, please accept our deepest thanks for making our event and other events such a great success.

Your radio stations are our radio stations.

Sincerely,

Margaret Buzas  
Director of Development  
Queen of Angels Academy
